References please refer to page 2 for catalog number

have been evaluated for the presence of 253 REACH SVHCs as updated by ECHA on February 04, 2026 and according to the Article 33 of EU Regulation 1907/2006. https://echa.europa.eu/candidate-list-table

The Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) Regulation requires the identification of Substances of Very High Concern (SVHC) contained in articles above the threshold 0.1% w/w manufactured and marketed in the EU.

Any SVHCs in concentration of more than 1000ppm are listed below along with its SCIP number.

Mersen is not concerned by the REACH registration procedure (being neither a producer nor an importer of substances/preparations).
The information provided below is based on data obtained through ongoing due diligence with our suppliers. In some cases, the information may not yet represent full coverage of our supply chain.
Mersen reserves the right to update or amend this declaration as additional data becomes available, or verification processes are completed.
Mersen undertakes to replace in its future developments the use of SVHC subject to authorization by other suitable substances or technologies, when these are economically and technically viable.

Date / Location : 03.03.2026 / Newburyport

Name : Tim KAPPEN

Position / Signature : Sr. Manager Quality
